ACKNOWLEDGEMENT

We would like to express our Special thanks of Gratitude to our University as well as our CSE Faculty **Manu Bali** ma'am who gave us this opportunity to work on the project "***NEWS CHANNEL WEBSITE***".

It was a great learning experience for all of us.

Final Project Report On

NEWS CHANNEL WEBSITE

Introduction

The world has switched from analog to digitalization. We live in the age of Information Communication and Technology (ICT).

Everything little things used today relies on technology and having access to the internet led to the pinnacle of development.

Nowadays, instead of traditional newspaper , people procure their news digitally through TV channels, news applications, news website.

About our Project

The “BUZZ International News Website” has been developed to make fetching the latest news easy and convenient.

We have also taken in account that most people like specific genre of news and hence we have different sections in the homepage to suit their needs. Having different sections helps save time of the viewers as they wouldn't have to waste time sorting the news.

Technologies Used

- Hyper Text Markup Language (HTML): It is the standard markup language for documents designed to be displayed in a web browser. HTML code file is responsible for the structure of websites.
- Cascading Style Sheets (CSS): It is a style sheet language used for describing the presentation of a document written in a markup language like HTML. CSS is responsible for styling Websites.
- JavaScript (JS): It is a logic-based programming language that can be used to modify website content and make it behave in different ways in response to a user's actions.

Describing the Website

Navigation Bar

- Home
- Coronavirus Section
- International News
- Featured News
- About Us Section
- Sign Up/ Log In Page

Home Page

It is the main page of the website which consists of news of all following sections : Coronavirus, International news, About Us.

Clicking on these will lead the user to that specific news sections within the homepage.

Clicking on “Featured News” and “Sign up/Log In” leads the user to a new page, where they browse news or Sign Up/get logged In depending on their selection.

How Indian Railways is sanitising, disinfecting in trains and stations? Railway Minister Piyush Goyal has shared images and videos of rigorous cleaning of trains to maintain sanitisation. Recently, Goyal stated that for the safety of passengers on the Indian Railways network, major precautions have been taken and all the railway zones have been sensitised to follow the directives.

PM Modi's address to the nation on Coronavirus

PM Likely To Address Nation To Announce Whether Lockdown Ends Tuesday

New Delhi: Prime Minister Narendra Modi is likely to address the nation again to announce his decision on whether the coronavirus lockdown will end on Tuesday. Before the decision, he will meet with Chief Ministers via video conference tomorrow.

India has enough hydroxychloroquine to last entire month: Health ministry. The nation has three-times more hydroxychloroquine (HCQ) than required and there are at least 3.28 crore tablets of the anti-malaria drug that will fulfil an entire month's requirement, said the Union health ministry.

Twitter's lightning fast reaction to PM Modi's 9 pm, 9 minute appeal!!! Millions of people across the country participated in lighting diyas at 9 PM for 9 minutes in response to the Prime Minister Narendra Modi's call to fight the "darkness of coronavirus pandemic". Weeks after the sounds of bells, conches and claps reverberated across the country.
